INTRODUCTION

As a classis, seeking to honor the apostolic command that in the churches all things be done decently and in order, we adopt the following guidelines to regulate our proceedings. Seeking to work in an ecclesiastical manner, we commit ourselves to mutual consultation and careful consideration of God's Word as we endeavor to reach mutually agreed upon conclusions. These rules are for the purpose of serving the will of the assembly, not hindering it. They are adopted to facilitate, not obstruct, the deliberative process. However, when it seems advisable, they may be suspended, amended, revised or abrogated by a majority vote of classis.

I. CONVENING AND CONSTITUTING OF CLASSIS

- A. Classis shall be convened and constituted as prescribed by the Church Order and these Rules of Procedure.
- B. Classis shall convene at a time and place determined by the previous classis. Two meetings shall be held each year: in the second full week of April and in the second full week of September. Each classis shall designate a convening church for the next meeting, ordinarily following an alphabetical rotation of the churches.
- C. Additional meetings of classis may be held at the discretion of the next convening consistory and must be held at the request of two or more consistories.
- D. Classis shall be called to order by a member of the convening consistory designated to serve as chairman pro tem. The chairman pro tem shall conduct the opening devotions, receive the credentials of the delegates, call the roll, read the Form of Subscription to which every delegate to classis shall respond by rising to indicate his agreement, and declare classis constituted. Each delegate who takes his seat at a later time shall be requested to express his agreement with the Form of Subscription individually in the presence of classis.
- E. The officers of classis shall be the chairman, the vice-chairman and the clerk. The churches shall take turns providing a chairman, following an alphabetical rotation of the churches, according to the name of their city, provided that the brother serving as chairman has attended at least two previous meetings of classis. The vice-chairman shall be provided by the next church in the rotation.
- F. The sessions of classis shall be open to the public, unless classis decides to meet in executive session. All discussion and proceedings relating to a man's performance during his candidacy or ordination examination or colloquium doctum including, but not limited to, the presentation to the delegates of the report of the sermon evaluation committee, all discussion of this report, all discussion of the sermon manuscript(s), and all discussion of the delegates regarding a man's qualifications for the office of Minister of the Word and Sacraments shall be conducted in

- executive session. Classis shall decide how the minutes of each executive session shall be reported.
- G. The convening consistory shall make the proper arrangements for the meeting including meals and lodging for the delegates as required. The cost of the meals shall be reimbursed by the classis.
 - H. The privilege of the floor may be granted to those not delegated when it is considered useful or necessary. Ordinarily the privilege of the floor shall be granted to all ministers of the federation and all elders of classis.
 - I. Consistories not properly represented shall be required to submit an adequate explanation.

II. MATTERS LEGALLY BEFORE CLASSIS

- A. Only matters on the prepared agenda and matters classis deems necessary shall be considered legally before classis. The agenda shall include only matters that are in keeping with Article 25 of the Church Order which may include:
 - 1. Classical business such as reports of committees, classical functionaries, and representatives of classis. All such reports must be submitted to the clerk of classis eight (8) weeks prior to the meeting of classis to be included in the printed agenda. Reports from the interim committee, stated clerk, classis treasurer, and CCHM will be presented at every meeting. All other reports will be presented only in the spring meeting.
 - 2. Request of consistories for advice to proceed to further steps in cases of discipline. No advice will be given without a written statement of the case and its grounds on or attached to the classical credentials.
 - 3. Overtures from consistories, which must be submitted eight (8) weeks prior to the meeting of classis.
 - 4. Appeals and protests by consistories or individual members, who cannot yield to the decisions of the assemblies, provided they have followed the procedure of Church Order Articles 29 and 31.
 - 5. Each consistory that is overseeing a mission work will be invited to give a brief verbal report at each meeting of classis.
 - 6. Colloquium doctum and exams for candidacy and ordination (See Church Order appendices 3, 4, and 5).
 - 7. Addresses by fraternal delegates.
 - 8. Requests for assistance from the Classis Church Assistance Fund.
 - 9. All other matters which classis declares acceptable by majority vote.
- B. Overtures submitted too late to appear on the printed agenda may be considered by way of exception after evaluation by classis of the reasons given for their lateness.
- C. Representatives of causes, institutions and agencies shall not be permitted to make promotional addresses to classis, though they may set up displays at the discretion of the host church. Missionaries called by URC churches may be permitted to address classis concerning their work.
- D. In preparing for ministerial examinations, the following practices ordinarily shall be followed, unless the convening consistory grants an exception due to weighty circumstances.
 - 1. Exegesis papers are to be completed in preparation for the Biblical Exegesis examination. One paper shall be completed for each of the two texts assigned, setting forth the details of the examinee's exegetical procedures and conclusions, with a bibliography.
 - 2. Required credentials, exegesis papers (if applicable) and sermon manuscript(s) for examinees are to be distributed to the consistories of classis, either by mail or by e-mail, at least six weeks prior to the scheduled date of classis. A manuscript shall be distributed for each sermon that is to be evaluated.
 - 3. The convening consistory shall request a consistory to present to classis an evaluation of the sermon preached in a public worship service.

- a. For candidacy exams, this evaluation should include a brief evaluation of the other two sermons submitted by the examinee; and the evaluating consistory ordinarily should not be the prospective candidate's consistory.
 - b. For ordination exams, this evaluation ordinarily should be performed by the calling consistory; but at their request, it may be performed with the assistance of office-bearers from outside of their own consistory.
 - c. For a colloquium doctum, this evaluation ordinarily should be performed by the sponsoring consistory, if the calling consistory is a member-church of the classis. In the case of a church seeking to enter the federation via Church Order Art. 32, a neighboring consistory should be asked to perform the sermon evaluation. At their request, the consistory may perform this evaluation with the assistance of office-bearers from outside of their own consistory.
- 4. If two or three men are to receive the same sort of examination, they shall be examined concurrently. If four or more are to be examined, they shall be examined in groups of two or three, as divided by the convening consistory.
- E. The submission and adjudication of appeals shall follow the "Guidelines for Appeals" set forth in Appendix B to the *Regulations for Synodical Procedure*, as amended from time to time.

D. The Treasurer

1. (Due to Federal tax laws) Classis shall appoint a Consistory to coordinate and supervise the duties of Classis Treasurer.
 - a. The appointed Consistory shall appoint a treasurer and alternate.
 - b. The appointed Consistory may serve in this capacity indefinitely, but shall give Classis sufficient notice before relinquishing its duties.

2. He shall report at each meeting of classis and provide a complete annual report of the previous year at the first meeting of classis each year, with copies for every consistory.

4. He shall be duly and sufficiently bonded at the expense of classis.

9. Remuneration for the treasurer shall be determined at the first regular meeting in each odd numbered year.

E. Church Visitors

1. Church visitors shall be appointed by classis for a term of three years.
2. An elder who is appointed as a church visitor may complete his term even if his term as an elder ends prior to the completion of his term as a church visitor.

IV. COMMITTEES

A. Nature and Authority

1. The purpose of committees shall be to serve classis in matters entrusted to them at classis or during the interim between classis meetings.
2. The authority of committees shall be limited to the mandates given them by classis. No committee may arrogate to itself duties or mandates not specifically assigned to it.
3. Committees shall appoint their own officers unless classis appoints them.
4. In the event of a vacancy in a committee, an alternate fills out the term of the member and in the next election a new alternate shall be chosen.

B. Committees

 - b. They shall bring to the attention of classis any requests for advice or help from classis found on the credentials.
3. Other Committees

Classis may appoint committees to study and report concerning matters of importance or to carry out specific resolutions of past meetings. They shall function in accord with the following rules:

 - a. The person first named at the appointment of the committee shall be the convener of the committee's first meeting and shall serve as chairman pro-tem.
 - b. The chairman shall call the committee together, preside at its meetings, and see that it functions properly.

- c. Any member of classis may appear before any committee for the purpose of speaking to the committee about any matter referred to it.
 - d. Committee reports shall list the chairman and the reporter of the committee. In case of a minority report, each report must list the members who favor it.
 - e. The report of the majority shall be considered the report of the committee. After the committee's report has been read and the motion to adopt has been made and seconded, the minority report shall be read and received as information.
 - f. When the report of a committee has been previously distributed to classis in printed form, and the members of classis have had sufficient time to examine it, the first reading of the report is not required. The reporter, when called upon, may simply move that the report be accepted for consideration.
 - g. During the discussion the task of defending the report shall rest primarily upon the chairman and the reporter of the committee. These shall have precedence over every other speaker and shall not be limited as to the number and length of their speeches. Other committee members shall be subject to the accepted rules.
 - h. Recommendations of a committee are main motions and may be recommitted whenever classis judges doing so would expedite its work.
4. Classical Committee on Home Missions Guidelines
- a. Membership :
 - (a) The CCHM shall be composed of at least five at large members of Classis Central; specifically, three pastors and two elders (currently serving or having served in the past) with experience and expertise in evangelism and missions.
 - (b) The committee's membership will be augmented by a representative from each overseeing consistory of a home mission work in Classis Central.

V. RULES OF ORDER

A. MAIN MOTION

This is a motion that presents a certain subject to classis for consideration or action.

1. The main motion is acceptable under the following conditions.
 - a. If the mover has been recognized by the chair and his motion has been seconded by a member of classis.
 - b. If, at the request of the chairman, the motion has been presented in writing.
 - c. If the chairman judges the motion acceptable.
2. A main motion is not acceptable under the following conditions:
 - a. If it conflicts with the Church Order or is contrary to Scripture as interpreted by the Three Forms of Unity.
 - b. If another motion is before classis; if it conflicts with any decision already taken by classis in its current meeting; or if it interferes with the freedom of action by classis in a matter that was previously introduced but of which no final disposal was made.
 - c. If it is substantially the same as a motion already rejected by classis.

B. MOTION TO AMEND

This is a proposal to amend a main motion in language or in meaning before final action is taken on the motion.

1. A motion to amend may propose any of the following: to strike out, to insert, or to substitute for certain words, phrases, sentences, or paragraphs.
2. A motion to amend may not nullify the main motion and it must be germane to the main motion, that is, no new matter may be introduced to classis under the guise of an amendment. (The chairman shall judge whether an amendment is acceptable or he may submit the matter to a vote.)
3. A motion to amend an amendment is permissible and is called a secondary motion. Only one such amendment may be considered at a time.

C. MOTION TO DEFER OR WITHHOLD ACTION

1. A motion to table a matter to a definite time
 - a. When classis deems it advisable, it may decide to table a motion temporarily or to a definite time. Tabling a motion temporarily implies that the assembly will resume consideration on the motion at a later hour or date.
 - b. This motion is debatable and may be amended.
 - c. If a motion to postpone definitely has passed, no other motion similar in word or thought to the postponed motion may appear before classis.

- d. The matter postponed may be taken up before the specified time by a majority vote of classis.
 - e. If a motion to amend has been postponed definitely, the main motion to which the postponed amendment is related is likewise deferred.
 - f. Any number of matters may be postponed to the same time. When that time arrives, the matters deferred are taken up in the order of their postponement.
 - g. When the hour to which such matters have been deferred arrives, and classis is at that time busy with an undecided question, classis need not be disturbed or interrupted in its work by the consideration of postponed matters, if these can wait until the question then before classis has been disposed of.
2. A motion to withhold action or table indefinitely
This motion is to be used when classis wishes to be rid of a matter without deciding either positively or negatively.

D. PRIVILEGED MOTIONS

1. Calls for the order of the day
When any member of classis believes that the regular business of classis is being obstructed or interrupted by irrelevant or unimportant material, he has the right to rise and to call for the order of the day. This means that he desires classis to return to the regular course of action. The following rules apply:
- a. A call for the order of the day may be made without recognition and while a member is speaking.
 - b. Such a call is undebatable, needs no seconding, and must be put to a vote.
 - c. It has precedence over every other motion except a motion to adjourn or to take a recess.
2. Points of order
It is the duty of the chairman to apply the rules of order and to prevent infractions. Should a member believe that the rules have been misinterpreted or misapplied he may rise stating that he wishes to make a point of order. Asked by the chair to state the point, he does so, and the chairman renders his decision at once on the point in question. The following rules apply:
- a. A point of order may be raised at any time and must be recognized by the chairman.
 - b. It needs no seconding and is undebatable.
 - c. In case the member making the point of order is not satisfied with the decision of the chair, he may appeal to the floor. When this is done, the point of order becomes undebatable and a simple majority is sufficient to sustain, or overthrow the chairman's decision.
3. Call for a division of the question
With a majority vote of classis, a motion consisting of several parts must be divided into its component parts and each part must be voted on separately.

E. MOTION TO BRING MATTERS ONCE DECIDED AGAIN BEFORE CLASSIS

If any member of classis for weighty reasons desires reconsideration of a matter once decided, one of the following motions may be used.

- 1. A motion to reconsider
 - a. The intent of this motion is to propose a new discussion and a new vote. This motion must be made by someone who voted with the prevailing side.
 - b. A motion to reconsider must be made in the same meeting which the motion in question was passed.
 - c. It is unacceptable if action has begun in accordance with the motion in question.
 - d. A motion to reconsider may be tabled to a definite time, but it may not be amended, withheld indefinitely, or referred to a committee.
 - e. A motion to reconsider is debatable insofar as the reasons for reconsideration are concerned.
- 2. A motion to rescind
 - a. The purpose of a motion to rescind is to annul a decision.

- b. All motions to rescind shall require a two-thirds majority to carry.
- c. A motion to rescind is debatable, including both the reasons for rescinding as well as the merits of the original question.
- d. Rescinding applies to decisions taken by classis in session. It does not apply to decisions taken by previous classes. A succeeding classis may alter the stand of a previous classis or it may reach a conclusion which is at variance with a conclusion reached by an earlier classis. In such cases the most recent decision invalidates all previous decisions in conflict with it.

F. DEBATE

- 1. To obtain the floor, a member must be recognized by the chairman.
- 2. If a member obtains the floor, he shall address his remarks only to the chairman and never to any member of classis. If he fails to adhere to the point under discussion or becomes unnecessarily lengthy, the chairman shall call attention to these faults and insist on pointedness and brevity.
- 3. Those who have not yet spoken twice on a pending issue shall be given priority over those members who have already spoken twice.
- 4. The chairman, when he believes that a measure has been sufficiently debated, shall have the right to propose cessation of debate. Should a majority of the members sustain this proposal, debate shall end at once and the main motion and any pending amendments shall be voted on.
- 5. Any member, when he deems a matter to have been sufficiently debated, may move to cease debate and call for the previous question. This motion is undebatable and is to be voted on at once. If it passes by a majority, debate shall cease only after all those who had previously requested the floor and been recognized by the chairman have had opportunity to speak. It is not acceptable when a motion to table, to commit, to recommit, to postpone definitely, or to withhold action is before classis.
- 6. A member may not speak to a motion and then immediately move to cease debate or call for the question.

G. OBJECTION TO THE CONSIDERATION OF QUESTIONS

When a member rises to make such objection, the chairman shall ask him to state his objection. The chairman, having heard his objection, either sustains or overrules it and states his reason for so doing. If the objector is not satisfied by the ruling of the chair he may appeal to classis. When he does so the objection becomes debatable and requires a majority to be sustained.

H. RIGHT OF PROTEST

It is the right of any member of classis to protest any decision of classis. Protests should be registered immediately or during the session in which the matter was decided. Protests must be filed individually and not in groups. A member may request his name and vote be recorded in protest, or he may submit a written protest.

I. PROCEDURAL INQUIRY

Any member of classis may request advice of the chairman regarding how to accomplish a purpose for which he does not know the proper means.

J. VOTING

Various methods of voting may be used:

- 1. By voice ("Yes" and "No"). This is the ordinary method of voting.
- 2. By rising or a show of hands. Whenever the chairman is unable to determine from the voice vote whose opinion has prevailed, or if the chairman's judgment is questioned by any member of classis, the chairman shall call for rising or a show of hands.
- 3. By roll call. Names and votes to be recorded in minutes. This method to be employed only when decided by majority vote.

4. By ballot. Classis must vote by ballot in election of officers. In other cases classis may vote by ballot if a majority so decides.
5. Classis may require a two-thirds majority for the adoption of very important measures.

VI. PROCEDURES FOR EXAMINATIONS

A. For Candidacy Examinations:

1. Following the examination and the decision of the man's consistory, the delegates will enter executive session. The three sermons are to be considered within the Biblical Exegesis area. The following motion will be made at the appropriate time:
 "We are satisfied that the examinee has sustained
 the _____ area of the examination."
2. After discussion of each area, a vote will be taken by ballot (see attached sample). The ballots will be tallied after voting on all areas has been completed. If the delegates are satisfied with all of the areas, the man may continue the process toward admission to the Ministry of the Word in the URCNA.
3. If the delegates are not satisfied with any particular area(s) of the examination, the examinee may return to classis within 13 months to be examined in that/those area(s) only. He need not undergo the entire examination again if he returns within that time period.

B. For Ordination Examinations and *Colloquia Docta*:

1. Following the examination, the delegates will enter executive session. The sermon is to be considered within the Practica area. The following motion will be made at the appropriate time:
 "We are satisfied that the examinee has sustained
 the _____ area of the examination."
2. After discussion of each area, a vote will be taken by ballot (see attached sample). The ballots will be tallied after voting on all areas has been completed. If the delegates are satisfied with all of the areas, the man may continue the process toward admission to the Ministry of the Word in the URCNA.
3. If the delegates are not satisfied with any particular area(s) of the examination, the examinee may return to classis within 13 months to be examined in that/those area(s) only. He need not undergo the entire examination again if he returns within that time period.

C. In the event that a man does not sustain an entire examination at classis:

1. The Classis shall remain in the Executive Session declared for the purpose of discussing and voting on the examinee's performance in his examination.
2. A member from the examinee's Consistory shall be sent to explain what is going to happen next (see #3 below), and accompany the examinee back into Executive Session and to the front of the assembly.
3. The Chairman, on behalf of Classis, shall:
 - acknowledge and give thanks to God for the examinee's success by identifying that/those area(s) of the examination that he sustained; and
 - encourage and instruct him in how he may proceed to pursue the goal of becoming a minister of the Word in the URCNA (e.g. returning, at the request of his Consistory, within 13 months to be examined in that/those area(s) of the examination which he did not sustain.)
4. The accompanying member from his Consistory shall offer a prayer of thanksgiving and supplication on behalf of the examinee.
5. The Chairman, before ending Executive Session, shall ask the examinee if he would prefer to remain as an observer when General Session is resumed, or be excused from the Classis before the General Session is resumed.

6. Upon resuming General Session, the Chairman shall announce the outcome of the examination and the broad outlines of the Classis' dealings with the examinee (see #3 above).

VII. CLASSIS GUIDELINES FOR CHURCH PLANTING

While any Consistory may seek to begin a mission work independently of the other churches, the churches of Classis Central U.S. are agreed that formally working together as early as possible in our church planting efforts, both foreign and domestic, would result in more orderly and effective communication, wiser use of our resources, more regular and specific prayer, and more consistent financial support.

A. Classically Assisted Church Plants

1. Church Plant Defined

A church plant is a group of believers and their children that gathers together under the supervision of an existing Consistory in order to worship God on the Lord's Day, grow as disciples of Christ, and use their gifts in loving service to each other and to their neighbors, for the spread of the Gospel and the eventual establishment of a new congregation (cf. The Four Phases of Church Planting in *How to Plant a Reformed Church: The Church Planting Manual of the URCNA*).

2. Classical Assistance Defined

Consistories may engage in the work of church planting apart from Classis; however, Consistories seeking assistance from the churches of Classis shall work in accordance with these guidelines.

Classically assisted church plants shall be:

- a. included on the agenda for each Classis;
- b. included in the classical church planting newsletter;
- c. included on the websites of the Classis and the federation;
- d. deemed a priority for financial assistance by the churches of Classis.

Church plants that are not classically assisted shall ordinarily lack these benefits.
